VISION ZERO
City of San Luis Obispo
What is your vision for a more walkable and bikeable San Luis Obispo?

Get creative! Tell us your low-hanging fruit to grand visions for making San Luis Obispo a better place to walk and bike.

- Curt ramps on Augusta
- Speed more on First Street
- Lover ramp across at Linda Garbiso near Bird
- More traffic detour for cyclists
- Practice Debbie over cars
- Bike lanes but better than none
- More protected bike lanes on California
- Class IV on actual Rep. St. north of Pabla
- Home school
- More walking
- Class IV
- More walking
- More signage
- More traffic detour
- More walking
- More signage
- More walking
- More signage
- More walking
- More signage
- More walking

- More signage
- More walking
- More signage
- More walking
- More signage
- More walking
Crossing Improvements for Bicyclists + Pedestrians

Place a red dot on an area you would like to see a major crossing improvement.

Major crossing improvements include:
1. Pedestrian signals
2. Pedestrian scrambles
3. Refuge islands
4. Protected intersections
5. Bike + pedestrian bridge
6. Bike signals

Place a yellow dot on an area for a minor crossing improvement.

Minor crossing improvements include:
1. Bulb-outs
2. High visibility crosswalk markings
3. Rectangular rapid flashing beacon
4. Curb ramp
5. Bike box
6. Green bike lanes through intersection
